There is a difference between **home health care** and **home care**.

- **Home health care** provides skilled, short-term medical care including a visit from a nurse, physical therapy, occupational therapy, etc. which has been ordered by a doctor to treat a medical condition. These services are covered by Medicare.
- **Home care** offers long-term, non-medical assistance with daily tasks such as bathing, cleaning, and companionship. These services are not covered by Medicare.

View the Centers for Medicare and Medicaid Services official government booklet on [Medicare and Home Health Care](#) for information on eligibility, the services covered, how to find and compare home health agencies, and your Medicare rights.

Program of All-Inclusive Care of the Elderly (PACE)

PACE (Program of All-Inclusive Care of the Elderly) is a unique program designed to help elderly members of the community remain in their homes as long as possible. Participants enrolled in the program receive a comprehensive plan of care that is individualized to their needs.

The program is provided by the Jan Werner Adult Day Care Center and serves older adults in Canyon and Amarillo who are at least 55 years old and can safely live in the community.

The program includes transportation, meals, medical services, physical rehab, and social services which the participant can receive up to five days a week depending on their desired schedule and needs at the Jan Werner facility.
