Program of All-Inclusive Care of the Elderly (PACE)

PACE (Program of All-Inclusive Care of the Elderly) is a unique program designed to help elderly members of the community remain in their homes as long as possible. Participants enrolled in the program receive a comprehensive plan of care that is individualized to their needs.

The program is provided by the Jan Werner Adult Day Care Center and serves older adults in Canyon and Amarillo who are at least 55 years old and can safely live in the community.

The program includes transportation, meals, medical services, physical rehab, and social services which the participant can receive up to five days a week depending on their desired schedule and needs at the Jan Werner facility.
